NEWS FROM ABROAD

Disease, Disaster and Poverty Marks the Christmas Season.

Boston, Mass. Among the deaths reported to the Boston Board of Health for the week ending to day, Dec 14th, were seven from smallpox. The number of cases reported is twenty three.

Chicago, Ill. On a snow carpeted field, but cheered on by six thousand enthusiastic rooters, Hyde Park High School's football eleven administered a crushing defeat to the Brooklyn Polytechnic team on Marshall Field. The score was:—Hyde Park, 105; Brooklyn, 0.

Halifax, N. S. The Canadian Pacific express for Montreal rolled down an embankment seventy miles from here killing six, injuring a score of others and wrecking the locomotive, the postal, express and baggage cars and several passenger coaches.

A Washington dispatch states that Senator Quay's campaign to force through the Senate a bill admitting to Statehood the Territories of Arizona and New Mexico, as well as Oklahoma, threaten to upset all other legislative programmes and wreck this session of Congress. If the charges of jobbery that are made against the scheme to force these territories into the Union are substantiated, the President is likely to withhold his support. It will be easy for the statehood Senators to tie up not only the Cuban treaty and the Colombian treaty, but also to prevent any trust legislation and stop all other bills that are desired by the majority and are on the programme for passage.

Baltimore, Md. "Terry" McGovern and "Young Corbett" will not fight in Baltimore. Official announcement of the declaring off of the contest so far as the Monumental City is concerned was made at a meeting held at the Metropel Hotel between "Corbett" and "Sam" Harris, representing McGovern. Clubs desiring to bid for the match will have a short time longer to file their bids. There is a strong probability that the contest will go to the Metropolitan Athletic Club of Detroit.

New Haven, Conn. The subject for the James Gordon Bennett prize at Yale was announced as "The Federal Regulation of Trusts in the United States; History of Past Legislation and its Interpretation; Constitutional Powers of Congress; Examination of Proposed Legislation."

Denver, Col. Mayor R P Wright, Jr. and eleven Aldermen were sentenced by Judge John I Mullins, of the District Court, to serve four months in jail for contempt of court in disregarding the injunction issued by Judge Mullins to restrain the enactment of an ordinance granting a franchise to the Denver City Tramway Company in the form in which it was presented.

New York, N. Y. At the Novelty Exhibition and Christmas Fair announced to open at Madison Square Garden, December 15, an electrical aerial torpedo, the invention of Professor Carl E Myers, of Frankfurt, N. Y., will be exhibited. The invention is for army use in attack or defence and is operated from the ground by a switchboard and wire. When the ship reaches a desired point, a touch upon one of the electric keys detaches a dynamite torpedo which explodes upon striking the ground.

The First Local Mint.

One of the institutions here
which has the special attention of
tourists as well as the local people
is the Mint, which is established on
Nunau street, opposite Queen
Emma Hall. It is interesting to
enter the large main working room
where general manager McDonough
and his corps of assistants are at
work. The cool and large lanai is a
proper resting place and the vaults,
where the "bars" to be minted and
beer are kept present a very tasty
spectacle. The Mint is open from
6:30 a. m. to 11:30 p. m. and during
those hours the work never ceases.
Visitors after looking over the place
will find first class refreshments and
the purest of liquors.

The INDEPENDENT 50 cents per
month.
